

THAT'S OUR BOY, BUZZ, WINNING HIS FIRST ONE IN MAJOR LEAGUE

ANGELS HELD TO THREE HITS

BUZZ STEPHEN, who started his baseball career in Porterville's Little League, pitched his first major league win September 25, starting for the Minnesota Twins and beating the Los Angeles Angels 5-2, at Anaheim. The Angels got to Buzz for two runs on two hits in the first (one an infield dribbler) but he shut them out with one hit for the next four innings before he was lifted for a pinch hitter in the sixth. Photos show Buzz on the mound; the way he looks to opposing hitters, and at bat. In lower right photos, Buzz is shown in the Twins' dugout with Dick Wiencek, supervising scout in the western states for the Twins, and the man who signed Buzz out of Fresno State college; and, with his folks - Mr. and Mrs. Louie Stephen, after the game, which was his second start for the Twins.

Editorial Comment

Astounding!

He has, according to one newspaper, "a rap sheet as long as your arm, including a series of felony convictions that include narcotics and rape. He is on parole from Folsom prison, facing a fresh felony charge and a proceeding to revoke his parole."

He has been announced as a guest lecturer at the University of California at Berkeley in a new course approved by the university's Board of Educational Development.

When he was in Cuba recently the communist party newspaper quoted him as saying that "Every time a (Viet Cong) guerrilla knocks out a U.S. soldier, that means one aggressor less against those who fight for freedom in the U.S."

He has been hired as a teaching assistant in the English Department of San Francisco State college.

UC's new lecturer is Elbridge Cleaver, minister of information for the Black Panthers.

S.F. State's new faculty gem is George Murray, Black Panther minister of education.

A lot of explanations and excuses for the appointments have been offered by the academic authorities involved, but in all probability Governor Reagan's "I am astounded" comes closer to the reaction of most California taxpayers.

Energy by Atom

Most of us, as individuals, could use a little more energy. As a nation, our demands are tremendous.

The U.S. Bureau of Mines now predicts that by 1980 the United States will be using up approximately 68 per cent more energy a year than it did in 1965. By the year 2000 it will be 300 per cent.

The Bureau indicates that all major sources of energy, except anthracite, would continue to share in this growth. But it is the growing nuclear power industry, which was at the bottom of the energy market chart in 1965, which would make the only percentage gain. Still a small 5 per cent of the 1980 total, it will have jumped from 4 billion kilowatt hours in 1965 to 458 billion. By 2000 it will be turning out some 5.4 trillion kw's annually, far surpassing the output of both hydro-power and fossil fuel electric generation.

Now, if only the military atom would decline in stature as rapidly as the peaceful atom increases, we'd be a great deal more certain there will be a year 2000.

We Only Heard

BY BILL RODGERS

HERE'S THE latest we've come across in that enlightened world of the car bumper philosopher:

DON'T ...
SUPPORT CHURCHES
... PRAY DIRECT

ONLY ONE Porterville boy has made the grade in major league baseball. That's Pitcher Buzz Stephen, who was brought up by the Minnesota Twins near the end of the just-completed season to start two games. The Oakland A's beat him his first time out, but last week he beat the Los Angeles Angels to become the first young man in 107 years of Porterville history to go all the way ... Almost making it was Mickey Hornsby, a fine Porterville High school athlete who was signed by the old St. Louis Browns. Mickey was on the verge of moving into the Browns' lineup as a catcher when Uncle Sammy tapped him on the shoulder for World War II, and that was all for Mickey in so far as major league baseball was concerned ... Buzz was signed, with an undisclosed bonus, by the Twins out of Fresno State college after he had played at Porterville High school and Porterville college, and, of course, many local fans remember him when he was a gangling kid in the Porterville Little League. Died-in-the-wool hot stovers are now saying they knew all the time that Buzz would make it, but, looking back on the scene, we can recall only one individual who was sure of it - Papa Louie, and there might have been times when

even he would have hesitated to bet the old homestead on it ... At any rate, Buzz, now 6-4 and 190 pounds, is up there, and he'll be throwing in the big time next season, which should heat up local TV sets and radios no end ... And just to keep it on the record, we recollect that when Buzz signed with the Twins, Louie agreed to come up with tickets for you-know-who on you-know-what paper when Buzz gets into his first World Series.

REMEMBER, WE mentioned last August that Eddie Cadena, senior counselor in the R. M. Pyles Boys camp at Lloyd meadow, was on a leave of absence to train in Colorado with United States Olympic team marathon runners ... Well, Eddie didn't quite make it, but in the final payoff run, he finished 12th in a field of 120 of America's best. Eddie, who is now a Cal Poly student, and a former student at Bakersfield college, is just a youngster as a marathon runner, and it's our guess that he will be back four years from now. And it's our further guess that if he continues to work and run, next time he'll make the American team.

Porterville State hospital will increase its social worker staff by 12 additional employees as a result of the California Med-I-Cal package. The hospital will also hire 169 psychiatric technicians.

comedian and TV and motion picture star.

Rounding out the show will be "Mr. Banjo" himself, Freddy Morgan, who is not only a virtuoso of the banjo and a recording artist, but also one of the funniest entertainers in show business.

Profits from the Kapers will be used by Porterville Kiwanians for boys and girls work that the club sponsors. Admission is: General, \$2.50; balcony, \$1.50 and reserved seats, \$3.50.

Chairman of the Kapers of '68 is Ralph Aldridge, a past president of the Porterville Kiwanis club. Working with him is Earl Hodgson, now the president of the club.

4-H CLUB PLANS
OCTOBER HAY RIDE**

PRAIRIE CENTER - Prairie Center 4-H club held its first meeting of the year on September 24 in Brethren church basement. Gary Santos presided over the meeting.

Claudia Manning reported on 4-H Breakfast posters that are being displayed in various stores in Strathmore. The posters are very colorful and have a picture of Snoopy in the lower right corner.

Mrs. Richard Lee, community leader, read the club's goal for

the year. If the goal is fulfilled by the end of the 4-H year the club will earn a gold seal.

The president appointed a Hay Ride committee to be headed by Mr. & Mrs. Andrew Blua. Kathy Blua will be chairman and those working with her will be Debbie Kausen, Gary Santos, Carol Fulbright, Jeff and Matt Meik. The event will be held sometime in October.

The club voted to attend St. Agnes Catholic church in Porterville on 4-H Sunday Oct. 6.

An interesting program was presented by the members who had traveled to radio stations

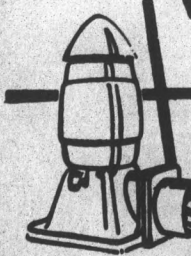

KCOK, KTIP, and KGEN to give talks advertising the coming 4-H breakfast. The members repeated their talks for those who might have missed them on radio. Those participating were: Diane and Linda Della, Gary Santos, Glen Craig, Nancy Lee, Connie Tideman, and Norma Hilty.

Highlight of the evening was Claudia Manning's talk on her trip to Davis which she attended during the past summer. During her stay at Davis she was very surprised to see a former Sunnyside School classmate whose family moved to Solvang several years ago. The classmate was Mike Loudon.

Jordan Party Brings Out Five-Point Buck

QUAKING ASPEN - Biggest buck to be brought out through Woody's Pack station at Quaking Aspen, was a five-pointer that field dressed at over 200 pounds, bagged by the Bill Jordan party of five hunters from Visalia. The party came out with four bucks. The five-pointer was brought down just below Coyote lakes.

R. S. "Woody" Hannam, operator of Woody's Pack station said deer hunting so far has been good, about on an average with other season openers. In the first six days of the hunting season, 54 hunters going through Woody's bagged 18 bucks.

GROUND BREAKING FOR VOLKSWAGEN

PORTERVILLE - Ground will be broken today, October 3, on a 4.5 acre site located in the 300 block of West Henderson for the construction of permanent facilities for Shepherd Volkswagen, Porterville's authorized VW dealership.

Bill Shepherd, owner of the agency, purchased the VW franchise in October 1967 and opened for business at 30 North Main street, from where the firm will continue to operate until the completion of the new facilities. The anticipated move is mid-January of '69.

The structure will be of decorated concrete block with exposed laminated wooden beams. Building facilities will total 12,500 square feet with the modern air-conditioned new car showroom encompassing more than 1,000 square feet.

In addition to the four-car showroom, the building will consist of general offices, a 2,000 square-foot parts and storage area, service department with eight work stalls and seven hoists, and a customer waiting lounge located on the mezzanine overlooking the new car showroom.

Shepherd indicated the total cost, including land, will be \$225,000.00.

VISALIA PLANNING BIG CELEBRATION

VISALIA - Visalia's annual mid-October celebration has been revamped this year into

SHOW GROUP AT COLLEGE NEXT MONDAY

PORTERVILLE - Show business is rife with success stories. However, few can compare in their rapid-fire rise to success to the "Good Time Singers," who will be presented in a free concert at 8:00 p.m. Monday, October 7 in the Porterville College Gymnasium.

Organized on a weekend, they rehearsed together for the first time on the following Monday; auditioned for a producer on Thursday; and by the following Monday, they were signed to a contract by NBC-TV to appear as regulars on The Andy Williams show.

In one week the talented seven (five boys and two girls) found themselves in a position that most groups fail to achieve in a lifetime. Since that contract signing three years ago, The Good Time Singers have gone on to more than three dozen TV appearances; a three-year stint on the Williams show; sell-out concerts from coast-to-coast and now a long-term contract with InArts Records.

Tickets are not required for this program that is first in a six-event College Community Service series, presented free to the public.

CONFERENCE ON PARENT-SCHOOL COOPERATION

VISALIA - A PTA/Administrators conference will be held Friday, October 4, in Visalia. Co-sponsored by the Tulare County department of education and 21st District PTA, the conference will include school administrators and PTA presidents and officers from Kings and Tulare counties.

PLANNING CONTEST for queen of the 50th Annual Porterville Veterans' Homecoming celebration, November 11, and for an "Old Grads" dance in the Porterville Armory the evening of November 9, are Buck Shaffer, Porterville High school's famous band leader; Kathy Souza, last year's Homecoming queen; and Mrs. Ed Flory, 1968 queen contest chairman. At a meeting of the celebration committee Monday night, it was voted to hold the queen selection program in the Porterville Memorial auditorium the evening of November 2, with Shaffer in charge, and with Bill Rodgers as master of ceremonies. Miss Souza is contacting service clubs, civic groups and fraternal organizations in the community to secure sponsors for queen candidates. Shaffer will have his Studio band on stage for the selection program, and this band will also play for the "Old Grads" of Porterville high school at the November 9 dance. (Farm Tribune photo)

This week the merchants of Porterville are having their annual fall sale. It is called "Pirate Treasure Days". We're not just sure whether the customer or the merchant is the pirate and therefore not sure who is supposed to get the treasure. However we have our suspicions and you had best watch out for us one eyed fellows. Also for us two eyed fellows.

Along our street we are selling mulberry, modesto ash, red leaf plums, white birch, liquid amber, and a few similar items for a dollar ninety-eight. Planted now these will grow roots all winter and leaves next spring. With extra care and scientific application you can arrange to have one right over the shallowest portion of your sewer line. However if you listen to your wife this may not happen.

Roses are also on sale. These are a dollar forty-nine or ten for fourteen ninety. They include bush, climbing, and floribunda but not tree roses. There is a limit to this treasure bit. However there are other bargains such as apple trees, avocados, daffodil bulbs, pansy plants, and a lot of odds and ends we would like to get rid of.

There is also a free drawing for a walking lawn sprinkler so come around Thursday, Friday, and Saturday and grab a handful of loot. We're on E St. just north of Olive.

AIR SERVICE

(Continued From Page 1)
industrial consultant for the city of Porterville.

Transcal announced last week that it would bring air freight service to Porterville, and first freight went out early Tuesday morning, shortly after midnight. Regular freight pickup is slated for 12:15 a.m. each morning, enroute to L.A. International.

The new Transcal Airline at present connects Delano, Visalia, and Porterville with Van Nuys, Long Beach and Los Angeles, plus Las Vegas. Expansion plans call for flights into San Francisco, Sacramento, Lake Tahoe, Fresno, Palm Springs, Oceanside and San Diego.

Future of both freight and passenger service into Porterville depends upon use of these services by individuals and business firms in the eastern and southern Tulare county area.

Much of the credit for bringing Transcal into Porterville goes to Sierra Aviation, who operate a world-wide business in connection with helicopter service, and who will supply, at least initially, the basic freight shipments needed to assure air freight schedule into Porterville.

Also working with officials of the company has been Jim Hanson, vice mayor of the city of Porterville and operator of a travel service.

Early indications point toward good production of both Navel and Valencia oranges for the 1968-69 season.

"MYTH AND MEDDLING" SURROUND DELANO LABOR STRIFE SAYS MAYOR

VISALIA - Delano's farm labor strife has been surrounded by "myth and meddling" in which the truth has been "knocked around very badly."

That's the view of Delano's mayor, Cliff Loader, speaking to the Visalia Rotary club.

Loader reiterated his contention that all the farm labor trouble in Delano has been stirred up by outsiders and not by the majority of residents of the community.

"The image of Delano around the country," he said, "is that the people here are on strike. The fact of the matter is that our grapes are getting picked, and they are being picked by the same people who have been picking them for the last five or six years."

He decried the "experts" who came to Delano with minds already made up and refuse to listen to both sides in the labor dispute.

"Emotions run very high," Loader declared, "and in many

cases the cause is put above the law. It's a frightening thing, trying to convince people whose minds already are made up."

He lashed out against the grape boycotts, and the counter boycotts against goods produced in areas where Valley grapes are being boycotted.

"I'm not in favor of them," he declared, going on to chastise political leaders who have taken

positions favoring the grape boycott.

"I've been a lifelong Democrat and have been a Democratic leader in Delano for more than 20 years," he said. "But I certainly cannot vote for political candidates such as Humphrey and Alan Cranston, both of whom favor the grape boycott."
